Or 785-842-3392  
The boys will deliver  
and unload for a price.***

Just a note to let you know what's going on

## Out on Taylor Farms

*With Spring just around the corner we want you to know we are ON IT!*

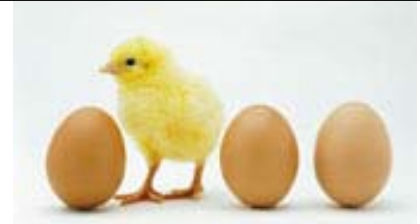

**Garden News**-We are amping up for a several gigantic gardens this year and will be able to provide you with lots of pesticide-free veggies. We are happy to let you know when produce is ready for the picking if you are interested in large quantities. Please let us know in advance that you will be preserving and what you are interested in, so we are sure to grow enough AND notify you at the peak of the season.

Remember, we have **MORE** than produce available year round. With the economy in a tail-spin we hope to be your "go to farm" for locally grown foods, soaps and more.

We aren't looking for any of that big bail out money to be coming to the farm. So, I guess we are all on our own. I like it that way.

If you have a specialty item you would like Charlie to grow give us a call. 785-550-9332 for DT and 785-331-7485 for Chas.

We are ordering chickens very soon and will have eggs available in mid-summer. We will also have some chickens available for the freezer. Ranged, of course.

**Soap production**-The soap shop is coming along and will be up and organized very soon. Four batches of soap are curing right now.

I am working on updating our web page and some fun changes should be ready for viewing by the middle of February. Like our new line of massage oils.

[www.rangelandherbs.com](http://www.rangelandherbs.com)

By the way- Eileen Ullrich is taking new clients at *Mindful Massage Therapy*. Contact her

[eileen@mindful-massage.com](mailto:eileen@mindful-massage.com)

785-393-4555

### GRASS FED BEEF-

We will have grass fed beef available at various times though-out the year. Let us know when you have freezer space and are interested in a side or a quarter of beef. Price will vary with the market . Call Chas for more info.

3 spots available for this summers trip up north to

[www.wintermoonsummersun.com](http://www.wintermoonsummersun.com)

to kayak lake superior or the boundary waters. We are penciled in for Aug. 7-10. Kayak festival in Two Harbors is that weekend. Cost is \$275-ish, all meals included. Sorry guys, chicks only. Contact DT at 785-550-9332

## Spring is just around the corner!-

Charlie is planning on putting in a gazillion tomato plants and about a half a gazillion pepper plants again this year, (and of course his fabulous BEETS). You will be able to purchase our produce at the Farmers Market, the Community Merc, or directly from the farm.

(Including; many different types of tomatoes, jalapenos, chili, banana, Hungarian wax, sweet banana and bell peppers).

Along with the regular staples we have some new veggies to try. Like;

***Upland Crest***- tastes like Water-Cress but grows well on dry land.

***Chinese and Japanese cabbage.***

***Fetticus***- an old favorite among salad lovers. Use like a lettuce or cook like spinach.

***Crescent Moon Eggplant***- beautiful white fruit shaped like a crescent moon.

***Celery Root***- how have we missed growing this beautiful large earthy root. I hope you will love it as much as I do!

***Purple Haze Carrot***- rich purple exterior and bright orange centers. Flavor is incredible.

***Mesclun blend***- leaf lettuce with colors of reds and greens.....and lots more.

**YUMMERS!**

***Stocking up? Want to Preserve by CANNING? As always, during harvesting time you are welcome to come help with the canning if you are interested in learning the basics or making a trade. AND, we always welcome an extra hand in the garden in exchange for produce or eggs. Tom Sawyer?***

**Country Home for Rent**-The little house to the north is for rent. If you know of someone interested please send them our way. Here is the ad from [www.Lawrencerents.com](http://www.Lawrencerents.com) \$750 a month cute 2 (+) bedroom, 2 bath, house in country. The house has hardwood floors that were recently refinished, washer/dryer in a laundry area downstairs, central air, screened in porch to the south, and a brick patio to the east. Garden space available. Studio or shop space in the basement. Quiet area with a great view. call 785-550-9332 or 331-7485 to make an appointment to see.

## Stay warm! And enjoy this sleepy time of year.

Please feel free to forward this on to your friends, or print and share a copy. DT
